

[illegible][illegible]

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- ² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- ³ A "*" following a block number indicates that the block number is repeated elsewhere in the block.

Figure 1 shows various map symbols and their corresponding labels. The symbols are arranged in a grid-like fashion, with labels placed above or below them. The symbols include: Highway (solid line), Secondary Road (dashed line), Jeep Trail/Walkway/Ferry (dotted line), Railroad (line with cross-ticks), Pipe/Power Line (line with cross-ticks), Ridge/Physical Feature (line with cross-ticks), Property/Fence Line (line with cross-ticks), Nonvisible Boundary (dashed line), Stream/Shoreline (wavy line), Intermittent Stream (dashed wavy line), River (wavy line with 'ce' label), Glacier (wavy line with 'Glacier' label), Military (dotted line with 'Military' label), Inset (dotted line with 'Inset' label), and Out Area (dotted line with 'Out Area' label).

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
